

New Zealand's natural landscape, raw and dynamic, with rivers, lakes and mountains of epic proportions, is still wild, very unpopulated and refuge for a rich variety of marine and birdlife. Our journey takes you from Nelson to the Kaikoura Coast, up to Blenheim, across to the West Coast, the glaciers and coastal wilderness and through the Southern Alps to the West Coast and on to Lake Wanaka.

We recommend slow travel, if you have time, add extra nights or additional stops on this itinerary.
